Douglas Debuts Contour™ Series M-80 Multiwrapper with Automatic Film Splicer at Pack Expo!

ALEXANDRIA, MN. (August 31, 2016) – Douglas will be debuting our Contour™ Series M-80 Multiwrapper with Automatic Film Splicer at Pack Expo! The automatic film splicer allows operators to stage clear or printed film while machine is running. Splicing is automatic, without an operator present, resulting in precise print registration and reduced machine downtime.

About Douglas Machine Inc.

Founded in 1964, Douglas Machine Inc. is a global leader in automated secondary packaging solutions for paperboard, corrugated and shrink film. The company specializes in the design and manufacture of cartoners, sleeves, case/tray packers and shrink-wrap systems. Based in Alexandria, MN, Douglas is an employee-owned company that has installed more than 7,000 machines in 30 countries. For more information, visit www.douglas-machine.com.
